

A GREAT MAN'S IDEA.

GENIUS, as Ruskin defines it, is simply a superior power of seeing. Have you the genius to see how important an element in the success of your house-keeping is the use of Ivory Soap? Judged by the work it does Ivory is the cheapest soap in America to-day. It is harmless. Embroideries, laces and delicate stuffs should be washed only with Ivory Soap.

"SOME PEOPLE WE ALL KNOW."

Poet Laureate of Street Car Men Steps Boldly Forward.

Mr. George H. Carey, of 121 Lake st., an inspector for the N. O. T. Co., has written some verses in which he mentions every man on the Main st. line.

Mr. Carey is not exactly a Tennyson, nor yet has he ear marks of a Kipling, but his verses have tickled the ribs of his fellow car operators, and are printed herewith:

Now if you will kindly listen
To my little tale of woe,
I will tell you a little story
Of some people we all know.

First on the list comes Flagg,
A motorman tried and true
Who has a name that's known to fame
It's the old red, white and blue.

Then there is his conductor,
Will Myers is the boy,
He is his mother's darling,
His father's pride and joy.

Next on the list come Whittaker,
A man who can't be beat,
As a motorman and a gentleman—
This Whittaker from Grant street.

And also, his conductor,
John Fallon, boys, you know,
A man who has the nerve to fight
And keeps them on the go.

Next comes Shorty Broughton,
Whom everybody likes,
You ought to hear that Indian yell
When he comes down the pike.

Then comes Mr. Jackson,
A man of great renown,
Who has the reputation
Of owning half the town.

Boys, you all know Frank Harrington,
A good man every inch,
A man you can depend upon
When it comes down to a pinch.

And also Johnny Sutter,
Who lives behind the barn
And dearly loves the woman

Who comes from off the farm.

Then there is another,
A first class motorman,
Who keeps them rolling all the time,
Our old time friend John Urban.

Next comes our old friend Stevens,
The man who always smiles
Who has no care or troubles,
But is laughing all the while.

Then comes Mr. Stewart,
Whom lives on May Court,
A very jolly fellow
And always fond of sport.

And we have Captain Walker,
A member of the B. board,
Our hustling young Councilman
From the Seventh Ward.

Now we have another,
Big hearted John Hull,
Who dearly loves the ladies
And always has a pull.

Then we have little Pete
And Carl is his name,
He is kind of short in stature
But he gets there just the same.

Next on the list comes Bowman,
Poor little sawed off Will,
There ain't a great deal of him
But enough to fill the bill.

Then we have another,
It's of Ed. Rill I speak,
A rattling good conductor,
But when he walks he squeaks.

Well, boys, you all know this man,
Bill Ish who lives on Lake,
And as a true blue Dutchman,
You bet he takes the cake.

Last of all comes Leonard,
A man whom we all like,
He keeps them hustling all the time
As they go down the pike.

And now we will end the story,
I don't think you want any more
Here comes the new superintendent,
We will let him have the floor.

WEDDED WAY UP.

Two Hearts Made One In Niagara Observatory Tower.

Niagara Falls, N. Y., Sept. 7.—(Spl.)—High up on the observatory tower, in the midst of the spray, as it sweeps from the falls the Rev. A. S. Bacon, married Miss Gertrude Fish, of Cambridge Springs, Pa., to Alois Macle, of Grand Valley, Pa., Thursday.

A crowd of visitors watched the ceremony. Couples have been wedded near the cave of the winds and over midstream on the Niagara bridges, but this is the first time a marriage has been performed amid the spray clouds.

Kodol Digests what you Eat Dyspepsia Cure

When the stomach is diseased all the other organs suffer, hence fatal diseases of the heart, liver, lungs and kidneys are often the result of improper digestion. Kodol Dyspepsia Cure contains all the natural digestive fluids and by digesting what you eat, it cures the indigestion without aid from the stomach, allowing it to rest and regain its healthy condition and permitting you to eat all the good food you want. "My rest is often disturbed at night by irregular heart action which I believe is on account of my stomach being overloaded with undigested food. I keep a bottle of Kodol Dyspepsia Cure nearby and a small dose always gives me instant relief." Ed. Thomas, Leitchfield, Ky.

STAR COURSE.

Description of the List of Attractions Offered.

The Star Entertainment Course, which is to be held at the Grand Opera house, the coming season, promises to be the greatest in point of talent and attendance of any previous course ever given in Akron. The opening attraction, Brooke's Chicago Marine Band Orchestra, consisting of 35 pieces, costs as much as the average course of six numbers and this is only one of the great ten events which constitutes the Star Course the coming season. The Sammie-Jackson Co., second attraction on the course will be one of the artistic events of the season. The company consists of 4 artists; Sibyl Sammis, soprano, is an artist of great ability, having shared the honors with Shuman Heineck at the Maine festival last season. Dr. Ion Jackson, tenor of the company, is creating an enviable reputation throughout the Central and New England states and needs no introduction to an Akron audience.

The Boston Ladies Symphony Orchestra has been re-engaged this year making it the third consecutive time they have appeared in the Star Course. The Lecture Demonstration on Wireless Telegraphy and Liquid Air by W. J. Clarke of New York City, will undoubtedly be one of the most interesting features of the course.

The Williams and Miles Song Recital, will be another artistic event of the season. H. Evan Williams is considered the greatest tenor in America, and Gwinn Miles, baritone, was the leading soloist with the Boston Festival the past season. He is a great artist and conceded by many critics to be equal to Williams. The remaining numbers are equally meritorious, consisting of Elbert Hubbard, editor of the Phylistine Magazine; Riche, the nunglesan, and his combination of novelties; the Johnson-Swiss hand-bell ringers; the Wilson-Combination and the famous Park Sisters of New York.

Tickets for this excellent list of attractions of the Star Course are now being sold by canvassers and are also on sale at Robinson's book store.

Manager Currie Says There's No Trouble at Power House.

"The stories that there is a strike on among employees at the power house are ridiculous," said Manager Currie, of the N. O. T. Co., Friday. "Two of the men resigned to accept other positions, and of course their places have been filled by others. Everything is running smoothly at the power house."

Stood Death Off.

E. B. Murray, a lawyer of Henrietta, Tex., once fooled a grave-digger. He says: "My brother was very low with malaria fever and jaundice. I persuaded him to try Electric Bitters, and he was soon much better, but continued their use until he was wholly cured. I am sure Electric Bitters saved his life." This remedy expels malaria, kills disease germs and purifies the blood, aids digestion, regulates liver, kidneys and bowels, cures constipation, dyspepsia, nervous diseases, kidney troubles, female complaints; gives perfect health. It is this condition that Dr. Hartman calls systemic catarrh. The whole system is saturated with catarrh. This discovery marked an important advance in the history of medical science. The medical profession had long been groping to discover the meaning of the stubborn and distressing after-effects of la grippe. All remedies seemed alike inadequate.

As soon as Dr. Hartman announced that it was his belief that the after-effects of la grippe were simply systemic catarrh, a great advance was made in the treatment of these cases. It now only remained to find a reliable remedy for systemic catarrh.

Here a new difficulty arose. Catarrh had been regarded by many physicians as a local disease and treated solely by local remedies. Such physicians knew of no systemic remedy for catarrh.

Other physicians regarded catarrh as a blood disease and had been in the habit of treating it with blood medicines, which could be of no possible use in systemic catarrh.

For a time Peruna enjoyed the distinction of being the only systemic catarrh remedy known. It was not even claimed by anyone that there was another remedy for this exasperating condition.

Since then, however, a great many remedies have been proposed for systemic catarrh, and a great deal of valuable time wasted in experimenting with other remedies. But it still remains true that Peruna is the only specific remedy for the after-effects of la grippe. The demand for this remedy, in consequence of the present epidemic of la grippe, is enormous.

Mr. J. P. Lowery, proprietor City Hotel, Albany, Texas, says: "Being advised to try Peruna for la grippe and asthma, I did so with good results. I had been feeling very unwell for a long time, and had asthma quite bad till I came West, when I got better of the asthma, but was not well. I tried a great many remedies for it, but nothing was able to cure me. I took three bottles of Peruna and I am happy to say that it is the best medicine I ever used. I am satisfied that Peruna is a good medicine, and as such have commended it to several of my friends with good results. It is seldom I give a testimonial, but I think this true. I hope others may be benefited through you and your medicines."

Every one should read Dr. Hartman's latest lecture on la grippe. This lecture will be sent free by The Peruna Medicine Company, Columbus, Ohio.
